**New Product for PEAKHARDWARE  
PEAK Slider 32GB Flash Drive**

22<sup>nd</sup> July 2008

PEAKHARDWARE International Co. Ltd. in Taiwan is proud to announce a new product arrival: the PEAK Slider 32GB Flash Drive.

The new PEAK Slider 32GB Mobile Disk USB 2.0 has the highest capacity in the PEAK Slider series. It uses the latest technology to double the storage in the housing. This increases not only the storage capacity, but reduces the cost per GB as well.

“PEAK improves its technology continuously and provides complete product lines to satisfy customers’ needs,” said Albert Tung, PEAK’s Product Manager. The PEAK Slider 32GB completes the product line which is available now in capacities of 1GB, 2GB, 4GB, 8GB, 16GB and 32GB.

PEAK has many more series of Flash Drives with products to meet everyone’s needs. All series has a lifetime warranty and six categories of portable applications which can be downloaded from the website, [www.peakhardware.com](http://www.peakhardware.com). This free software includes security, data recovery, audio & video applications and many more.
