

Kingston Flash Products for VIP Computers

28th April 2009

Since this week, VIP Computers offers Kingston Flash Products; the line up USB, SD and MicroSD. Kingston is a well known brand which will sell good next to our complete line up PEAK Hardware Flash Products.

DataTraveler Generation 2 (DTI G2)

DTI G2 of Kingston is perfect to use in your home office, in small business, promotions and school. With the DTI G2 you can store, carry and transfer data easily and move files in a device no bigger than a pocketknife. This Kingston DTI G2 can hold any file; as reports, pictures, spreadsheets etc. The DTI G2 is a reliable and low-cost solution for carrying files or your next promotion.

DataTraveler 100

The Kingston DataTraveler 100 is built with simplicity which allows you to focus on your data. The USB connector is safely housed inside the sleek case, so there are no risks for losing caps. The DataTraveler 100 stores all your documents in a convenient and affordable device no bigger than a pocketknife. The DataTraveler 100 32GB gives you plenty of room to hold all important digital files.

MicroSD + SD Adapter

Enhance your mobile life with Kingston's MicroSD removable memory card. Store more music, movies, pictures and ringtones and share your collections with friends and family easily. Kingston's MicroSD memory card also helps you to move data between phones. Each MicroSD comes with a SD Adapter that gives you the convenience to use it as a full-size SDcard in SD-enabled devices.

MicroSDHC + SD Adapter

MicroSDHC cards offer higher storage for more music, more videos, more pictures and more games; everything you need in today's mobile world. The Kingston MicroSDHC cards use the new speed class rating of Class 4 that guarantee a minimum data transfer rate of 4MB/sec. for the best performance. The MicroSDHC comes with a SD Adapter.
